Donald Bergeron, Secretary-Treasurer, discussed the needs to clear blighted property throughout the Parish. Mr. Bergeron stated that \$60,000 has been budgeted for the cleanup of properties. The process will need to start with the most dangerous houses which pose a public risk. This assessment will be done by the local building official. Some homes may be privately owned and some owned by the Police Jury. Mr. Bergeron is looking for direction from the Jury on how to go about taking care of these properties.

City of Ville Platte Mayor, Jennifer Vidrine, addressed the jury in stating that the city is also trying to clean up and has a process in place however the city is getting calls for blighted properties which do not belong to the City. Mayor Vidrine would like a plan on how the City and the Police Jury can work together.

Mr. Bergeron stated that at least 95% of these properties did not come to the parish in great shape. Blighted properties have to go through a process, which these properties have not yet been identified and condemned by a building official. Once condemned the Parish can then set up for demolition.

Moving forward the Police Jury will provide the City of Ville Platte with a quarterly report on the amount of blighted properties demolished.

Mayor Vidrine is also requesting assistance from the Police Jury in cleaning up drainage canals within the City Limits. It was mentioned by the Jury that the equipment the parish uses for drainage work has to be scheduled and takes some time circulating to the different districts throughout the Parish. Moving forward if any projects are needed within the City Limits, a Cooperative Endeavor Agreement will need to be brought before the Jury for approval. Once approved, the project can be put on the waiting list.
